**FACILITATING CIRCULAR ECONOMY IN EU MRS**

(registration needed - FP EUSAIR)

In the ambition and drive for a sustainable future, the European Union stands at the forefront of global efforts. The acceleration of green and digital transitions will steer the transformation of societies in the EU and EU macro-regional strategies. In line with this ambition, the event "Facilitating circular economy in EU MRS" will be the occasion to share experiences and methods from different EU MRS, discussing the role of the EU MRS in leading the change and inspiring macro-regional initiatives. It will be the opportunity to explore, what is the benefit of MRSs in relation to the circular economy, what can different EU MRSs learn from each other, what are the most suitable ways to address the topic and finally, how to reach results.

(zaprt dogodek)

Hrvaško predsedstvo EUSAIR bo vodilo 8. sestanek trojk predsedstev EU makroregionalnih strategij in Evropske komisije (MRS Trio Presidencies Meeting). Sestanek se bo osredotočil na razpravo o skupnih izzivih makroregionalnih strategij in nadaljnje sodelovanje v okviru tria predsedstev. Tokrat bodo v ospredju naslednji koraki na področju monitoringa, vključno z dodatnimi sredstvi kohezijske in drugih politik. Pobuda za vzpostavitev te oblike sodelovanja je nastala pred tremi leti. Med hrvaškim predsedovanjem EUSAIR želimo narediti napredek pri doseganju skupnega sodelovanja, spoštovanja in izmenjave dobrih praks med makroregionalnimi strategijami. Z organizacijo sestanka tria predsedstev med slovenskim predsedovanjem EUSDR delamo prve korake v tej smeri.

**MRS 4 TRIO PRESIDENCIES MEETING**

(closed event, by invitation only)

The Croatian Presidency of the EUSAIR will chair the 8th Meeting of the Chairpersons of the National Coordination Groups of the EU Macro-regional Strategies and the European Commission (MRS Trio Presidencies Meeting). The meeting will focus on discussing the common challenges of the MRS and their further cooperation in the framework of the Trio Presidencies, this time focusing primarily on monitoring and next steps including exceptional additional resources of the cohesion policy and beyond. The initiative to establish this network started three years ago. Now, during the Croatian presidency of the EUSAIR, we want to take a step further in achieving mutual cooperation, respect and exchange of good practices among macro-regional strategies. With our own example of the organization of the meeting during the Slovenian presidency of the EUSDR, we are making the step in this direction.

STRATEGIJ - KJE ZAČETI?**

(samo za vabljenje)

Makro-regionalne strategije EU predstavljajo strateški okvir, ki združuje države in regije z namenom reševanja skupnih izzivov, ki ne poznajo meja. Od začetka izvajanja prve EU makro-regionalne strategije leta 2009 so bili zabeleženi pomembni dosežki in izmenjave. Kljub temu poseben izziv predstavlja učinkovito komuniciranje vpliva in dosežkov EU makro-regionalnih strategij. Delavnica bo priložnost za oblikovanje praktičnih idej in oblikovanje podpore za različne deležnike pri načrtovanju, vodenju in komuniciranju pozitivnih zgodb, ki so rezultat skupnega dela v makro-regionalnem okolju. Delavnica bo omogočala izmenjavo dobrih praks, znanj in mnenj med različnimi deležniki, ki delujejo v makro-regionalnem okolju.

**WORKSHOP: EU MACROREGIONAL STRATEGY  
IMPACT - FROM WHERE TO START?**

(by invitation only)

EU macro-regional strategies (MRS) are strategic frameworks that bring countries and regions together to solve common challenges that know no borders. Since the first MRS started in 2009, there have been important accomplishments and valuable lessons learned. However, it can be difficult to get started and effectively communicate the impact and achievements of MRS. This workshop is designed to offer practical ideas and support for MRS stakeholders. It helps them with planning, leadership, and communicating the positive changes that come from working together within MRS contexts. The workshop focuses on learning from each other, creating a space for MRS stakeholders to talk and share knowledge.
